User-Programmable
Battery Safe Mode
and Strobe modes

Intuitive dual switches activate
light, laser, or light & laser

650 LUMENS

Mounts to full size and compact handguns quickly with pistol-specific modular rail inserts (set of five included).

Ambidextrous switches operate momentary or constant-on light and laser modes with positive, tactile click.

Like the TCM-5B/365 models, the TCM-10 Series are **multi-Fuel compatible** with both CR123 battery (included) or an optional li-ion rechargeable 16310 cell.

Self-locking elevation and windage adjusters allow laser to be zeroed at owner's preferred distance.
