

2 CR123

LONG GUN WEAPON LIGHT KIT W/IR ILLUMINATOR

NIGHTSTICK
Life Depends on Light™

LGL-180-IR

45° Offset Picatinny Mount

VISIBLE OR IR
ILLUMINATION

2 HOUR
RUNTIME

1100 LUMENS

Reversible Picatinny mount (standard and offset included) provides flexible mounting solutions to avoid interference with other accessories.

A hybrid dual reflector with dedicated LEDs (IR and VIS) means each beam is optimally focused for ultra-high intensity and maximum distance.

Light includes 6" LGL-RPS3 for remote mounting options. Switch activates momentary and constant-on modes.

Kit includes NS-WM1 wire management clamp to keep RPS cable secured and avoid snags. Molded cable channels provide multiple entry/exit paths.
